Dear Sir/Madam,

The proposed plan for 350 houses in West Miersia amounts to disaster. We on the island are already grid locked in medical, dental, schools, roads, and parking, we also struggle with the amount of traffic on, and off the island. You cannot get a quart into a pint pot!! The roads are overwhelmed by incomers who live in the coastal parts. The sewerage works is another problem. I beg you not to make this lovely place into another satellite estate. Another factor is the evacuation of the island in an emergency. Trusting reason and common sense will prevail. The only parties →

②

to gain are the already wealthy developers, the County and Colchester councils. The rest of us will be much worse off.

With respect I remain
Yours sincerely

Denis O'Leary

- Summary -

- Mersea Island already at capacity for:

- Doctors
- Dentists
- Schools
- Roads
- Car parks
- Traffic congestion
- Risk in Emergency
