

To:- PLANNING POLICY,
ROWAN HOUSE,
SHEEPEN ROAD.

I would like it to be known that I am very much against the proposed plan for building houses on farmland belonging to Battleswick Farm, in Rowhedge. It would be so sad to see yet more of rural Essex disappearing from our sight, & soon Rowhedge would lose its village status.

Should this most unsuitable plan come to fruition, what kind of amenities would the inhabitants of these dwellings have? Where would their children go to school? Where will they find a doctor? Apart from these problems, how much more traffic will be converging on an already congested old Heath Road? As we have more than enough building going on in Rowhedge at the moment, any more would be disastrous!
