Dear Sir

Re- proposed 350 New houses to be built in West Mersea, I strongly object to this development.

Why are you trying to completely destroy another village in Essex? With another badly thought out plan that nobody wants.

It is extremely difficult to get an appointment with the Doctors now, with another 1,000 plus new people it will be impossible, people already give up and run the gauntlet of Colchester's crowded ROADS to get to the walk in centre,

East Road is bad enough now with traffic, especially at holiday time, what will it be like with another 500+ cars,

The school will be under more pressure to accommodate the extra children, at just one child per house will add 350 new places required,

No money ever seems to be spent on the infer structure, It appears that Colchester council wants to fill every bit of land with dwellings, with no thought about the strain this puts on the local people infrastructure and services,

The roads are chock-a-block, it's a nightmare on all local roads, Start having a thought for the residents you are supposed to serve, and it's not as exiting for the residents as it might be for you.

A STRONGLY OBJECTING RESIDENT

Mr B F Painter
